

# J2 PET Felt Single Baffle

---

## PRODUCT ASSEMBLY AND INSTALLATION GUIDE

### ASSEMBLY INSTRUCTIONS

1. Attach the provided 1/16" cable to structure at the looped end.
2. Insert bare cable end through bullet cable adjuster, then slide cable through adjuster until baffle reaches desired height (depress collar at top of bullet cable adjuster to release cable for downward adjustments.)

3. Once divider is at desired height, clip excess cable at exit point on the bullet adjuster.
